

SUPERIOR INSULATION

Thermo-Shield™ Cabinet Wall Insulation

Our cabinet walls contain premium insulation with a higher R-value that is made from recycled material and is as efficient as urethane foam. Also, it makes your spa equipment accessible; making it easier for regular maintenance or service.

Hydro-Armor Spa Cover

A 4"-2-1/2" insulated cover with 1.5 lb. density foam core provides enhanced heat retention and adds an extra layer of thermal insulation.

Bottom Armor ABS Shield

Seals out cold air and moisture and retains valuable heat.

Thermo-Guard™ Full Foam Insulation (optional)

Our high density Thermo-Guard™ full foam insulation locks all plumbing firmly in place and offers the highest heat retention.

EFFECTIVE WATER MANAGEMENT SYSTEM

50 Sq. Ft. Filter with TeleWeir

This easy to access, reusable filter provides balanced filtration and prevents debris from re-entering your spa.

Pure Silk™ (CD) Ozonator (optional)

Instantly kills bacteria and viruses when ozone is introduced into the spa water, greatly reducing chemical usage.

OPTIONS

Waterfall Feature (optional)

Your choice of a Cascading Waterfall or Hydrostreamers on selected models.

GII LED Perimeter Spa Lighting (optional)

LED lights are the longest lasting and most energy efficient form of lighting available. An LED spa light illuminates the entire hot tub from the bottom up giving you sufficient lighting.

Waterproof Marine LES Stereo System (optional)

Indulge in your spa with your favorite sounds by adding a digital media locker to your hot tub. Experience a high quality, robust and durable waterproof marine grade stereo for use with USB, iPhone, iPod and MP3 devices.

LTR201511X17-SIG

Inspired by the success and convenience of our original plug-n-play spas, the GenII Signature™ series hot tubs set a higher standard for entry level acrylic spas. Hallmark features found normally in premium hot tubs are realized in this extended series when you feel the power and energy of a whirlpool jet blanket your body with gentle waves that soothe away pain and discomfort from tired and sore muscles. Premium upgrades are found standard and include a spa pillow and multi-colored LED spa light to add style, comfort and relaxation while a titanium heater, digital control panel, and heavy duty pump offer worry-free operation.

GII SIGNATURE™

ENERGY EFFICIENT

Convenient "Plug & Play" Kit

All standard GII™ Signature Spas operate off a standard 110V outlet. Simply set it up, fill it up and plug it in.

Whisper Power Unit™ Equipment with Digital Topside

An intuitive electronic spa control system designed to easily adjust your spa's settings to meet your therapeutic needs, overall temperature and spa lighting.

Multi-Color LED Spa Lighting

Ideal for evening use, this breathtaking multi-color LED spa light can be programmed to alternate between a variety of colors, adding a romantic touch to your backyard spa retreat.

I-Pillow

Contoured headrest conveniently placed on the best seat in the spa, supports the head and neck providing a natural rest position - designed for superior comfort and relaxation.

High-Volume Whirlpool Jet with Diverter Control Knob

A one-of-a-kind whirlpool jet doubles as a water diverter control - allowing you to redirect water flow and apply added pressure to jets in areas where you need it most. Added benefits of the whirlpool jet include a "whirlpool only" setting which allows for you to experience a massage at the center of the spa.

DURABLE AND RELIABLE HD Power Frame Pump

Our 2.0 BHP high-performance pump efficiently circulates and filters spa water while using less energy when compared to a two pump system.

Cal Preferred™ Cabinet Panels

The cabinet is an integral part of the construction of the spa. Each cabinet is designed to provide maximum support for every spa and can be styled to match your favorite shell color with various colored cabinet panels.

WhisperHot™ 1.5/5.5 kW Titanium Heater

Titanium's inert properties resist corrosion and calcium build up, making it the most advanced and reliable heater in the industry.

Fibersteel™ Construction

Patented 7 layer laminate system reinforced with steel and wood creates one of the strongest shells in the industry.

Exclusive Stainless Steel

Adjustable On/Off design. These jets are carefully placed along the lines of the body, allowing you to massage away stress while comfortably leaning back in the luxuriously-designed seating, delivering the highest quality hydrotherapy and relaxation experience available.

UL

All Cal Spas hot tubs are completely UL certified and UL Listed to meet and exceed all standards of compliance. The UL product certification programs are accredited by the U.S. Occupational Safety & Health Administration (OSHA), the American National Standards Institute (ANSI) and the Standards Council of Canada (SCC).
