Each Cal Flame Fireplace comes standard with a chimney, and protective cap, that varies by length and shape depending on the model. The firebox is 36" wide built with stone and bordered with a decorative stone arch. The Stainless Steel burner emits 55,000 BTUs of heat and comes standard with a 7-piece (24") log set with lava rocks that sit on 18" Grate.

Each Cal Flame Fireplace comes standard with your choice of a mantel. You can choose between no mantel, extended bottom mantel, and wrapped mantel. The back-side of Cal Flame Fireplaces are styled with Ameristone Stucco in the color of your choice.

The Cal Flame Fireplaces uses a battery-powered electronic-ignition with easy to use on/off switch. Light the fireplace with liquid propane or a natural gas option; this eliminates the use of matches or wires.

Match the Cal Flame Fireplace with any Cal Flame product such as a BBQ Island, Firepit, and an Outdoor Entertainment Center to create a divine living space that will impress your guest at each occasion.
