**Veranda and Fountain of Youth™ Just Got Better**

**Pomona, CA — (March 21, 2019)** Cal Spas exclusive Fountain of Youth™ pairs perfectly with the Veranda Spa. The Veranda Spa is the same size as a bathtub, which can be placed indoors, or outdoors using a 240V plug. The Fountain of Youth adds micro-bubbles to your spa water, which increases the oxygen levels, leaving your skin cells energized and rejuvenated.

Billions of micro-bubbles are released into the Veranda Spa, which forms a gentle cloud suspended in the water. The Fountain of Youth™ is a combination of warm water and air jet hydrotherapy. It is the quietest form of active hydrotherapy and can be combined with other forms of hydrotherapy.

No need to fill the bath water and add other skin remedies to cure dry skin. The Veranda offers an experience where you can come home, lift the spa cover, and get right in to warm temperature waters with an oxygen-rich bath and indulging in all the benefits of negatively charged ions.
