Cal Spas offers a complete program of swim spas for every consumer at a wide range of price points

Embrace the Ultimate Aquatic Experience
Cal Spas' Swim Pro F-1325 is Perfect for Improving Health and Relaxation

Pomona, CA — (September 6, 2017) Cal Spas has had tremendous success with the Swim Pro™ F-1325. It offers a complete home aquatic gym at an affordable price.

With enough bench seating for over 10 people, the Swim-Pro™ F-1325 provides an unrestricted fitness area with enough space for all your friends and family to join in on the party. The ultra powerful Swim Spa River Jets provide a steady but strong stream to optimize your fitness training.

“Swim spas not only provide the ultimate aquatic exercise experience, but are also large enough to host a gathering with your friends and family. Those who accompany you in your Swim Pro™ Swim & Fitness Spa will benefit from an intense hydrotherapy experience only Cal Spas products can provide,” said Casey Loyd, president of Cal Spas.

Cal Spas supplements their extensive swim spa units with accessories to expand fitness and health capabilities of each Swim Pro™ Swim & Fitness Spa. Unlike other brand swim spas, an agile swim routine can be followed up with an immersive hydrotherapy session with Cal Spas hydrotherapy seats.

Cal Spas Swim Pro™ Swim & Fitness Spas are offered in 4 different lengths, each with their specific amount of therapy jets. Consumers can choose from a modest 12-foot model to a large 17-foot swim spa with dual swim and spa zones.

The Cal Spas team works diligently to manufacture products in Southern California in 5 days or less which then are distributed to a worldwide specialty dealer network.
